What's new? - Works with both iTunes/iTunes Store podcasts and iTunes b7e8fd5c8

RSS Guard Serial Key [Updated]

* If you love RSS, you'll love RSS Guard * RSS Guard is designed to be simple to use and to keep you up to date with the latest news on your favorite websites * The best RSS feed reader out there * Work, organize, and read feeds on the web * Works with RSS 1.0, RSS 2.0, RSS 1.0 with Atom 1.0, and RDF (H), but not RSS 2.0 with namespace, Atom with namespace, or XRDF with namespace * Follow news from more than 180,000 RSS websites including CNN.com, CNET, CIO, The Guardian, Slate, and many more * RSS Guard integrates easily into your OS * Support for 80+ languages * Over 24,000 sites are supported, including CNET, The Economist, AOL, Ask.com, CNN, and many more * Great support and updates RSS Guard Lite is a simple yet powerful RSS feed reader that helps you maintain your RSS Feeds and stay up to date. It provides convenient message summary, detailed feed contents, cross-referencing, compact message list, and the ability to select the feed type, if present, for browsing and viewing. Add, update and delete RSS feeds RSS Guard Lite is a convenient RSS Feed Reader. Just grab the feed URL from the list, and load it into RSS Guard. RSS Guard then does all the hard work for you. It checks the feed every three seconds, to see if it has changed since the last check and it also displays the RSS feed title, description and link. The application supports three types of feeds: RSS, ATOM and RDF. Detailed feed contents You can also view the detailed contents of any feed using the toolbar menu, which displays the website title, RSS link and description of the feed along with its total unread items. Store your selected feeds Save your feed list in an easily accessible location on your computer or device's storage device. RSS Guard allows you to store the feeds in a nice and organized folder, with a title. It also allows you to create an archive by grouping RSS feeds by categories or by date. Customize RSS Guard Lite RSS Guard Lite allows you to customize the application as per your requirements and settings. You can change the number of feeds to show, choose the type of feed to display and add new RSS URLs or create a feed category. Learn more about RSS Feeds here:
